**DETAILED ACTION**

1. The Information Disclosure Statement PTO-1449 filed on November 19, 2003 under Foreign Patent Documents "JP 10-119774" should be --JP 10-119744--.

2. The disclosure is objected to because of the following informalities:  
page 2, line 9 "breaking force" should be --braking force--.

Appropriate correction is required.

***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 2-4 and 6-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2 recites the limitation "a braking force distribution control between front and rear wheels as specified" in lines 5-6. It is unclear as to what applicant intends to convey.

Claim 2 recites the limitation "a stepwise pressure increase control thereof" in lines 8-9. It is unclear and vague what applicant intends to convey.

Claim 2 recites the limitation "a start of the control" in line 11. It is unclear and vague as to the control of what?

Claim 6 recites the limitation "said stepwise pressure increase control providing a stepwise pressure increase up to a braking pressure to be reached at a start of the control of the braking force." in lines 9-11. It is unclear as to what applicant intends to convey.
